

## ⌚ Visual Gallery · Resonance Atlas Equations

### Overview

This gallery collects all visual renderings of the Resonance Field Atlas — each image being both geometric and symbolic. Each serves as a mnemonic portal, translating a harmonic or mathematical principle into visual form.

## Δ 6. Integration

All visuals align with the equations defined in the **Resonant Intelligence Formulas (RIF)** codex:

$$Z = \Lambda_e (T^+ e^{i\theta} + T^- e^{-i\theta}) ; \quad T^+ - T^- = I''$$

and map onto the tri-axis system of:

$$(\Lambda, Q, Z) \rightarrow \text{Matter-Light-Time Continuum.}$$

"Each diagram is both portal and proof: a visible equation written in the geometry of resonance."
